## MAPEX V-SERIES

This was my first kit and it's sad to see it go. I've taught for the West Sussex Music Service and now doing functions so no longer require it. Has lasted well and a great kit for beginners to intermediate players. This would make an ideal gift in time for Christmas! I am more than happy to advise you on how to start etc if you're a beginner or it's a gift for a family member :) Available for collection only from the Crawley area (near Holy Trinity School). Cash only upon collection. Mapex Drum Kit (in Piano Black) Bass Drum Snare Drum 3x Toms 2x Crash Boom Stands Bass Drum Pedal Hi Hat Stand Full Set of Mapex Soft Carry Cases Set of rubber practice pads for silent practice (toms and snare only) Selling for £300 (no less). Total worth around £600. NOTE: The front bass drum hoop is cracked but should be OK to repair if you're handy. Bass drum hoops are available to purchase separately or you can leave it off (along with the front head). No stool or cymbals included (these items are very much a personal preference). You can buy cymbal starter packs. The picture below is used for illustrative purposes. The kit is currently packed away but the kit looks incredibly.
