16hh 10year old bright chestnut irish sports horse for sale. born 20/06/2006. Missy is currently out of work since october as i have not had the time to keep her in constant work which is also her reason for sale. She does lover ger work and will happily hack both alone and in company and will go all day if you ask her, she schools nicely and will pop a jump. She stands perfect for the vet and farrier and is currently upto date with vaccinations, wormers and just recently had her feet done.

She will stand all day to be groomed and is easy to clip, load and tack up ect. She isnt a novice ride however she prefers a spfter rider as she is sensitive girl and hates being pulled on her mouth she is very responsive to leg and voice and would do anything if asked. This is a heartbreaking sale but i need to do what is best for my girl! Any questions please feel feel to ask. Rugs are also available and she brushes her back legs however i will provide brushing boots for her with her. Tack NOT
