Future and Modern Digital Management Systems HILTON Hotel  
 Paradise way  
 Walsgrave  
 Coventry

CV2 2ST <https://www.eventbrite.co.uk/e/future-and-modern-digital-management-systems-tickets-29610135713> To be held in the Winchester Suite, Thursday 8th December 2016, starting 7pm. The Chartered Quality Institute would like to invite you to their December 2016 event on "Future and Modern Digital Management Systems". First we'll take a look at futuristic technologies that exist today and have the possibility of revolutionizing modern business systems, such as e-paper devices that unlike conventional backlit flat panel actually mimic the appearance of ordinary ink on paper. Next we'll review the very latest in modern technologies being currently deployed across industry where massively scalable IT-related capabilities are provided as a service across the Internet to multiple external BMS customers via the CLOUD. Finally, we'll take a look at the characteristics to look for when you're tasked with implementing a cloud based Business Management System addressing the Software (SaaS), compliancy with the new standards and capability to track, manage and store documents, control processes and provide reports and analysis so forth. This should make for a full and interesting overview of the future and the features and benefits of a modern Business Management System in one session. We're very grateful to QSA and Paul Rowe Associates for delivering an insight into advancing technologies of the Business Management Systems in all sectors. Please note that car parking is free for this event. Free tea & coffee with pastries is also served at this event together with sparkling and still

spring water. All participants will have a CQI certificate of Attendance and the associated CPD award. We would like to welcome you to this exciting event. Since 1993, ACHEN PAPER has been a CQI member and is a branch of the company. Since 1993, ACHEN PAPER has been a CQI member and is a branch of the company.
