jack Russell puppies, 8 weeks old both boys and girls. All tri coloured, short legged, smooth coated. I have both parents who can also be seen with the puppies. They have been wormed and flea treated every 2 weeks from birth as a precaution. They have been raised in my home with young children, cats and other pets. They have lovely temperaments and love to play with my children. They have had their microchipped and first vaccination. My beautiful bouncy puppies will make excellent pets and need their forever homes. £300
