The Busy Bees team is committed to working collaboratively with parents and carers to promote the physical and psychological wellbeing of all children in our care. Every child is allocated a main key worker, creating a framework in which we can work in partnership with parents, to share information about the children, and both benefiting by learning from each other and effectively responding to the learning needs of each child. We look forward to getting to know you and working with you during this important stage in your child's life. <http://busybeetarring.wixsite.com>
