

Builders Cleans

Location **South West, Gloucestershire**
<https://www.freeadsz.co.uk/x-473748-z>

Since G C S was established in 1989, we have built a strong reputation for reliability and efficiency regarding builders cleans. We have managed to provide and maintain high standards of professional expertise and a quality guaranteed cleaning services to the construction industry. Whether initial builders cleans, re-cleans or sparkle cleans - if it is quality and efficiency that you demand then look no further - we can meet your tight deadlines.

All our builders cleaning services are tailored to meet your specific cleaning requirements.

We operate with only the best equipment and ensure our builders cleaning operatives are fully equipped with all safety clothing and materials to work on site.

We take Health and Safety very seriously. Our standard practice includes: Site/contract specific risk assessments and method statements Induction and refresher training for all staff Regular health & safety audits Safe chemical purchasing policy and COSHH assessments.

All our builders cleaning staff have received COSHH (Control of Substances Hazardous to Health) training in the use and handling of the cleaning chemicals and fluids which may need to be used.
