This is Giant Escape 2 is a responsive, comfortable and sporty hybrid bike. Stable, controlled and quick it is ideal for weekday commuters and weekend fitness warriors. The geometry is stable and controlled thanks to a shorter toptube and tall head tube. When combined with a flat handlebar you're placed in an upright position. This makes it easier for you to see what's going on around you. A strong and stiff aluminium fork gives the Escape 2 precise steering and cornering - just what you need on busy urban roads. The Escape 2 comes with a 24-speed Shimano drivetrain that gives you all the gears you'll need in the city, and on sporty rides in the country. Tektro TK837 linear brakes stop you confidently and consistently. This is a very capable hybrid sports bike for those wanting a low maintenance commuter during the week, and a fast sports bike at the weekend.
