12 week old Mediterranean Spur-thighed Tortoise Hatchlings (Testudo Graeca) for sale. They make great pets and are ideal for kids with pet allergies. These are also known as the Common Tortoise because they are the breed originally imported as pets. You will need a setup including a UV and heat lamp to keep them while they are young (not included). Care sheets and expert advice given. I am DEFRA registered and supply the necessary CITES Article 10.
