Apple iPad Pro 12.9in, Wi-Fi, 32GB, Space Grey I purchased the iPad Pro for work however haven't really used it. I also bought the matching smart keyboard with the idea to use this when on meetings as a lighter alternative to my Mac book, however I have found I just don't need it. Its been used occasionally at home to surf the web and thats about it. The iPad Pro is very light weight and thin, paired up with the smart keyboard it really is a great alternative to a lap top. I also bought the matching Apple charcoal silicone case which clips on to the back of the iPad. The iPad has never been out of its case so is pristine condition and comes with the original packaging and charger. I have tried to include enough photographs to display the condition. The edges & back are pretty flawless with just a few tiny marks on the screen from light use which you have to really look for. Originally these items cost as follows: IPad Pro 12.9in 32GB = £729.00 Apple iPad Pro 12.9in Silicone case= £79.00 Apple iPad Pro 12.9in Smart Keyboard = £169.00 Total was = £977.00 Very well looked after & from a smoke free.
