

Looking to rent in Greater London (250 GBP)

Location **London, London**

I am a 47 year old woman currently looking for lab work north and south of the river. Although currently on DSS, my local council has accepted me for the Rent Deposit Loan Scheme. I will have to rely on DSS until I am working, but am hopeful this won't be too long! I am looking for a bedsit or one-bed flat, up to the cost of around 250 per week. I would consider mid term sharing until I am back on my feet again. I am hoping to relocate back to London before the New Year. Aiming for W4 area but I am flexible. (My daughter and her boyfriend are moving to Chiswick) I am normally pretty quiet but easy going. I am also house!
