Perfect and genuine tiny little teacup size Pomeranian puppy boy in rare pure white He is only 300g at 7 weeks old and so only expected to reach just 1.5-2kg fully grown (chihuahua size!) He is KC registered but is to be sold as a pet only without his pedigree as he is not to be used for stud purposes but to a five star pet home only Poms love attention and are very clever and great with children. No full time workers or people with children under 5 years old please as he is too tiny for rough handling He is wormed,microchipped,flea treated,vet checked,first vac,has fantastic parents and both can be seen with him too (Again both KC Reg) A small deposit of £500 secures him One only ready from 12th December at 9 weeks old See him on our webpage He is not an import so a great price due to saving on import costs at just £3500 (without his pedigree papers) bred by a UK breeder here in the UK
