Ready now..... only one pup left due to a time waster Blue Boston Terrier pups three boys one girl. They all have been born and raised in our family home, so are used to a busy household, therefore will be fully socialised ready for their new homes. Parents are DNA clear of HC-HSF4, also JHC clear so the pups are hereditary clear also . Parents are patella scored 0/0 and LGMD tested clear. They are both amazing pets and have produced us a lovely litter of strong health pups. All pups have been wormed at two weekly intervals and also treated for external parasites as a precaution. We as a family are looking for permanent loving homes for our babies. All pups will be fully vet checked received their first vaccination an micro chipped all ready for there new homes. All enquiries welcome. No more time wasters please or pic
