I have currently have two 2'6" x 6'6" (90 x 190cm) TEMPUR mattresses which have been used, they are approximately 2 years old but in excellent clean condition. These mattresses would cost today £1449.00 each. I am prepared to accept offers in the region of £500.00 for the two.

If you've only ever had a spring mattress but would like to experience the comfort and support which TEMPUR is famous for, then these are perfect for you. A cleverly designed, special profile base layer provides the familiar feel of 'bounce' or movement which you get with springs. Combine this with a layer of TEMPUR support material to deliver the best of both worlds with supreme comfort and pressure relieving support for a restful night's sleep.

The mattress provides 'bounce', and the familiar feel of a traditional spring mattress delivering a supportive feel

Can be used on a variety of bed bases, including adjustables or standard frames with slats or platform tops

Incorporates a 5cm deep layer of TEMPUR support material

Soft fabric cover is removable for airing and may be washed at 60°
