(This is a well known Top Name Brand so you can google to verify) You can also be confident that the bed is reasonably good quality as this brand is sold in all the major UK retail shops and will be comfortable from day one, unlike non branded mattresses, of unknown origin, which may be slightly cheaper but have a reputation of being poor value for money with a short life span This Airsprung mattress has a medium-firm feel support. The Silentnight mis-matched Divan Base has 2 full size storage drawers, one on the left and one on the right at the bottom end of the divan base. The Divan Base is mis-matched, fabric wise, the 2 halves which make up the base are the same size but one half is in a slightly different fabric colour to the other divan half. The divan base, although brand new and still wrapped, is a graded factory 2nd with the occasional superficial scuff mark. Hence the low price. Enjoy a comfortable night's sleep on a quality bed from well known & trusted bed manufacturers. Please e mail or call for a more detailed.
