Looking to rehome our staffy bitch. She is 13 weeks, microchipped, flead & wormed (due worming this week already bought the tablets), and had her vaccinations can take her for a walk 15/12. Has a crate/bedding, toys, lead/collar, what's left of her food/feeding bowls and puppy training pads. She is very playful and loving and does need a lot of time and attention. I would like her to go to a loving home and be well looked after! Looking for £
