We are selling our Teak, solid wood, extendable dining room table and four chairs made by Nathan Furniture Ltd (Google them to see the quality of this historical furniture builder). Despite being over twenty years old, the table is in excellent condition as it has only been used once or twice per year. There is a small 'blemish', which could be polished out using the right products, but it has always been covered with a table cloth or place mats. The oval-shaped table measures 90cm (36") wide by 135cm (53") long and can be extended to 175cm (69") to cater for more guests. The table is 73cm (29") from floor to top. The chairs are in excellent condition also, but could be re-upholstered if you want to change the character of the set or modernise them to suit your room. The table, being 'real' wood is extremely stable and rather heavy, but can be disassembled for transportation. Buyer collects from Ripley, Surrey.
