

Maxus camper vanmotorhome fully loaded (16,750 GBP)

Location **South West, Wiltshire**
<https://www.freeadsz.co.uk/x-481383-z>

If you are looking for a camper that will serve most needs then this may be well worth a peep. Originally for a winter in Eastern Europe but now a change of plans and fitted with pretty much all that a much larger full blown motorhome has this camper has it all but in a smaller space. I wanted a camper that could be used as an every day vehicle as well as a home and after looking at many VW's merc vitos and and similarly sized campers realised that whilst great for a break not really the ideal for the longer time away. Covering just 48,000 miles this 2.5 turbo diesel is a pleasure to drive with its dash mounted gear shift and having both ample power and superb economy. Power steering, electric windows, electric mirrors, remote central locking for all doors and just very car like to drive. Sony CD/MP3 player. It is seated to carry 4 passengers with a double passenger seat in the front that can act as an extra bed. The rear leather electric 3 way seat has a three point seat belt and also lumbar support. The camper has many features and I will try to list what I can remember but sure to have missed lots. Lots of cupboard space, several light sources throughout the camper including LED mood lighting Full shower room with power shower due to the top of the range pro high output pump. sink with nice mixer tap, electric flushing toilet, vanity unit Hot and cold water with fitted on board 40 litre water tank. Full blown propex gas heating as well as 240 electric heating and excellent for all seasons. 240 volt hook up with 20 metre lead

Full bottles of gas.
 3 x 12v electric fridge
 3 x 12v electric hob with 4 burners and smoker
 3 x 12v electric oven with 12v and 240v electronic controls
 3 x 12v electric system for 240v and 12v
 3 x 12v electric system for 240v and 12v
 Flat screen remote TV/DVD with usb sockets. Also external aerial socket and digital aerial with extender
 Opening roof light with fly screens and blinds
 X6 windows in the van so very light and airy all opening double glazed and with both fly screens and heat reflective blinds.
 Fiamma wind out side awning
 This also comes with a 6ftx4ft waterproof trailer that will give that option of a longer tour enabling you to

take those extra things. New towbar fitted 4 wks ago before change of plans.
It has a drive away (free standing) awning with an extra bedroom annexe should you be taking more people or just an extra storage space once parked up.
Also in the trailer a brand new unopened generator that gives you the option to camp literally anywhere and be self sufficient in power.
I bought pretty much everything new so the following is unopened.....
Cordless kettle
Toaster
Fiamma levelling blocks
Cutlery
Saucepan set
Frying pan
Duvets and sleeping bags
George foreman health grill
The list goes on.
As you can see a camper that has all the comforts of a larger motorhome yet can be used on a daily basis. Very comfortable to drive and ready for a new home. Now that my plan has changed I no longer have any use for the camper and may consider a car or caravan in part.
