The first piece of The Masquerade Trilogy. Pierrot was available in 1999 and designed by Adi Stocker. Pierrot stands 200mm (8") tall. The first of the annual editions to use coloured crystals (other than the eyes). Pierrot is made in clear, frosted and colour crystal. He has been on display at home in a display cabinet. He is in very good condition (as new) and comes with a display stand. The Display Stand did not come with Pierrot when He was bought and I had to buy the stand separate, price of which is now £40.00. I have seen the Masquerade in an Antique shop in York selling for £195 without the.
