Here for sale is my 2017 Gibson Les paul. I've owned it less than a month, buying it only for a bit of session work as a back up guitar but I only have used it about 4 hours in total. Its the tribute model and plays like a beauty. I really do like this guitar, just won't use it as I have several guitars and need it gone! As I used it on sessions, it will come in a hard case and has strap locks which will come with it. It has a few (very minor) marks, but that happened leaving the store. I live in reigate so feel free to come try it and have a play. I bought it for £850 in total, but taking into consideration how long i have had it and because I need it gone I will accept £750 ono. cheers,.
