Very good condition, three levels of power and throttle with six Shimano gears. 26" wheels, good tyres and battery which is still capable of over 20 miles between charges. These bikes are a superb quality product and used by many police forces. This model currently costs new around £1600. An excellent comfortable effortless ride! Genuine reason for sale, have sold motorhome to which two of these have made an excellent companion over the years. Would perhaps consider selling its twin for anyone embarking on this lifestyle. Age now forces a change of holiday.
