World Animal Friends always has many beautiful cats needing loving homes. Our charity finds adopters in UK for cats rescued abroad. We have cats in Eastern Europe and Egypt that have been rescued from the streets, many of them in a terrible condition. The cats all come with their own passport, are vaccinated and neutered. We have many cats to choose from including cats for indoor homes. Some of our cats are now disabled, we have cats that are blind or partially sighted and some are amputees. We are happy to consider homes throughout the UK and transport can be arranged to most areas. We ask an adoption fee of around £60 to help with costs. Please visit our websites to see some of the cats waiting to be adopted. www.worldanimalfriends.co.uk <http://worldanimals.wixsite.com>
