This is a used but is in good working order. Slim stainless steel surround with black ceramic glass, with 2 x fast hot plate and 2 x fast hot plate with halogen heating It is clean but has slight discolouration on the glass as seen in photo's. I love Halogen Hobs as heat up very quickly, easy to clean and the pans are steady on the surface, but my partner prefers gas hence reason for sale. It fit in standard hob space. It has now been disconnected and ready to take away. This item is for pick up.
