RIDDEN NO MORE THAN 10 MILES

PERFECT FUNCTIONING CONDITION I tried to get my partner into road cycling. It's now up for sale. Imagine the rest of the story... There's only one small imperfection that I've found, see the third photo. A very small piece of secondary layer paint has come off. It's a very good bike, in absolutely perfect functioning condition and very clean.

Technical details below A women's specific endurance road bike the Giant Liv Avail 3 is quick and comfortable. Stable handling and a slightly more relaxed riding position make this a great bike for any challenge on the road. The lightweight ALUXX-Grade aluminium frame is designed specifically for women so you won't feel too stretched out on the bike. Endurance geometry provides easy handling and a comfortable riding position which will help you to stay fresh in the saddle for longer. The carbon fibre composite fork absorbs road vibrations from rough roads for additional comfort. Combined with the OverDrive tapered head tube steering is precise. Power transfer is immediate thanks to the oversized PowerCore bottom bracket area. This makes your pedaling more efficient too. Shimano Sora 2x9 speed gears, with a compact chainset, provide a wide range of gears so that you can take on all the gradients on your route with confidence. The Liv Avail 3 is a comfortable women's road bike that will help you to achieve your best performance. Key Features:

Endurance road geometry for comfort on long rides

Carbon composite fork absorbs vibrations from rough roads

PowerCore bottom bracket for efficient pedaling

Shimano Sora 2x9 speed drivetrain for reliable gear shifting
