

Mini lop doe of 19 weeks (35 GBP)

Location London, London https://www.freeadsz.co.uk/x-484053-z

a lovely little frosty point doe very friendly waiting for her new home.comes with changeover food and care sheet and has been wormed and mite treated. She will be spayed next week 4th Jan if not sold and will then be £105 as spaying is £78 in my area. that takes her down to £25 and saves you stress and vet visits. she could be paired up with a buck if yo wish for a pair. thank
