Space, style and sumptuous luxury - this Primo sofa suite is upholstered in genuine Italian Bonded leather.

Expertly crafted, beautifully soft Bonded Italian leather offers a luxurious seating space that gradually develops in character as it ages

Ivory, black and fashionable red colour options bathe the leather in a modern style that's perfect for contemporary homes

Chrome inset detailing on the arms is complemented by matching chrome feet - all polished for a surface that shines (feet require minimal assembly)

Soft fibre-filled back cushions and supportive foam-filled seat cushions are all fixed to stop them sliding out of place

Matching corner groups and armchair available separately
