

Brown Suede Leather Sofa With Storage (120 GBP)

1 of 5

Location

London, London

<https://www.freeadsz.co.uk/x-484598-z>

Custom handmade Brown suede leather sofa, with a hollow base providing storage. The sofa is 2meters in length with a hinge system which allows the sofa to fold flat into a single bed. Selling due to recent purchase of new sofa, therefore wanting to find a new home for this. I've had the sofa couple years & is in good condition with no damage. However, the seating is not currently attached to the base due to having to move it out into our spare room. Therefore on collection it will still be in two parts & will need to be rebuilt in its new location.;
