Halvarssons Motor Cycle Textile Suit.

If you are looking at this then you will know just how good these Swedish made suits actually are. This is a light weight summer two piece suit with removable liners in both trousers and jacket. The trousers zip together to the jacket and there is an extension belt so you can hold them up with your own belt so when on you have total comfort and protection from this suit. It's a 56" 2XL in size, please see Halvarssons web site for sizing details. It is a used suit, but in very very good condition and offered at a fraction of the price of a new suit, I am in Northants NN15, if you wish to view or try on before bidding. Thanks for, .
