South East, East Sussex

<https://www.freeadsz.co.uk/x-487274-z>

Save 10% on all Sureflap Microchip Cat Flap Installtions The Sureflap microchip cat flap is ideal for most cats up to 7kg in weight and where your location means that you are in close proximity to neighbouring cats or other animals that may try to access you home. With Winter just around the corner now is a great time to get a Sureflap microchip cat flap fitted since it is weather and draught proof, plus it saves you from having to open the door to let your cat out, saving valuable energy from heat loss. The Sureflap microchip cat flap can be fitted in wooden, uPVC and composite doors and even through suitable walls giving your pet easy access in or out, and saving you having to be their doorman. The Sureflap microchip cat flap also features a manual 4 way locking mechanism on top of the microchip recognition allowing you to control your cat's movements if they are sick for example. Features Works with your cat's existing microchip to keep out intruder cats and wildlife Compatible with 9, 10 and 15 digit microchips No collar or tag is required to operate the SureFlap, which can get lost or snagged Runs off 4 AA batteries which last up to a year with normal use Includes 4-way manual lock for controlled entry and exit We will ensure that the Sureflap microchip cat flap installation is in accordance with the manufacturers recommendations and make sure they're water tight by using external grade sealant for longevity to prevent to ingress of water around the enclosure. Ask Ben to supply and fit a Sureflap microchip cat flap saving you a trip to the shops or a spur of the moment online purchase, all for only £107.99 (was £119.99) Save 10%.
