The van has been part of the family for roughly 9/10years and has served us well travelling the country. It has been well looked after and maintained. Obviously it is now 15years old and does have age related marks. Paint chips on the bonnet but nothing major. Has slight flaking of paint off plastic bumpers that were colour coded years ago. In the rear is two removeable bench seats. In the front is two leather seats, heated but not wired up. Engine wise it hasn't missed a beat and had the cambelt and aux belt replaced last year. Does have a slight oil leak but nothing I've worried about as it has been the same for as long as I've known the van, I just keep it topped up. Don't think there is a transporter without an oil leak of some sort. Will have two new rear tyres and the fronts have some life left in them. Pads were replaced fairly recently. One of the sensors for the break pads is broken so the warning light is on. Again something I have never been concerned about as I know the issue is not a problem. I use the van daily more often than not travelling about 100miles a day. I fell comfortable that this van would serve someone well as it has me. I've put off selling this van many of times as I couldnt bring myself to do it. Now I need something bigger for work and have found my replacement , 2 Owners, Max payload 1200kg, SWB, Manual sunroof, MP3 player, Leather trim, Heated seats, Folding rear seats, 18" Alloy Wheels, Power steering, Traction control, Driver's airbags, 168k
