We have been blessed with a litter of beautiful puppies from my sable huskamute bitch. They were born 17/1/17 and will be ready after 17/3/17.

Mother is a 3/4 malamute and 1/4 husky (sable), father is a pedigree husky (copper). Both have an outstanding temperament and live with cats. Mother lives with children also so the puppies will be raised alongside both. Pics of parents are shown and both can be met.

More pictures to follow soon.

All potential homes will be vetted before agreeing for buyers to meet the puppies. Puppies can be viewed after 17/2/17.

All pups will come with a puppy pack, their first set of jabs and microchipped.
