This 2014 Regal Symphony 41 x 14 is in immaculate condition and ready to use. The large kitchen with breakfast bar was designed to enjoy the views through the full length windows and doors, at the front of the Symphony are double skylights that allow floods of natural light in to the living area. The well planned fully fitted kitchen is finished with cream high gloss doors and has ample worktop and storage space. The Symphony is perfectly suited for entertaining with a separate wine cooler and wine rack. The five burner gas hob with Wok burner, integrated dishwasher, large fridge freezer and built in microwave will make light work of meal times. The spacious dining area benefits from a large full length window. Sumptuous seating and reclining armchair for relaxation is complemented by warm tones in the spacious lounge area. The contemporary fire place provides an attractive focal point within the living space. The lounge area is enhanced by an ingeniously designed display unit ideally suited for a flat screen TV. The imaginative use of space continues through to the master bedroom with large en-suite and dressing table. Full height windows have been incorporated into the design to optimize the use of natural light. The king-size bed strikes a note of extravagance while the en-suite continues the boutique theme. The second bedroom benefits from the wider chassis of the Symphony, allowing for two large 2' 6" single beds in addition to a larger wardrobe space compared with its contemporaries. The family shower room with fully enclosed shower with sliding glass door is both functional and refined, planned to maximise both space and facilities. It is fully centrally heated and double glazed and comes complete with a large UPVC decking on one of the largest pitches on the park.
