2.1 Ch 320W Sound - Surround sound and added bass.

Active Wireless Subwoofer - Enjoy superb wireless sound quality without compromising design.

Bluetooth™ - Wirelessly stream your favourite music from your smartphone.

LG Bluetooth™ Remote App - Download the App to your smartphone to control your LG device.

Part of the LG range, the NB3540 Soundbar has been designed to deliver a deep, faithful, room-filling sound that will enrich your home entertainment.

The 320-watt Soundbar is 78cm wide and has an elegant low-rise profile that blends seamlessly into any home decor. No need to purchase extra speakers, the virtual surround sound uses spatial algorithms to deliver the same sonic characteristics that occur when using 5.1 Dolby Digital Surround Sound.

With Bluetooth connectivity, you can enjoy the playback of content from compatible devices in high quality. The LG NB3540 is also compatible with TVs, BD/DVD players, gaming consoles, MP3 players and many other audio entertainment devices.

Immerse yourself in a realistic movie or gaming experience with the Soundbar's wireless subwoofer, delivering thunderous explosions and warm deep bass. With the line and auxiliary inputs, you can enjoy your favourite music with a single cable, using your iPod, iPhone or any other music player.
