Hi.

As a social media expert, I have an opportunity that you may be interested in. I have developed a website and I am looking for people to be country agents in their specific country. I only want one person or company in your country to be the chosen agent, thereby giving exclusive rights. I have already engaged people in India, Pakistan and Australia. What are the benefits to you? Firstly, there is no cost to you. Secondly, there is no selling by you. Your social media expertise is all that is required. The people engaged in Pakistan have based their earning potential on a percentage of 10% of the total population of 190 million using this program and paying the advertising fee. This would put their earnings in the vicinity of 4 to 5 million dollars per year. In Australia it is anticipated that the take up will be higher and annual income of anticipated to be approx. 2 to 3 million dollars.

Please let me know if you want to know more by sending me your name and a message to click to contact Regards
