2 Females with FCI pedigrees sable & darker in colour The Caucasian Shepherd Dog is a natural protector, described as alertful, quick, strong, calm, powerful, and obedient. This breed naturally protects its home and surroundings. Parents can be seen in pictures. In return you can expect unfaltering loyalty, peace of mind and total devotion from your dog.

This breed is best suited for experienced dog owners. Double coat Puppies are nearly 4 months old , come with a care packaging. They have been fully wormed and flea. To date, have had their full vaccinations and have been micro-chipped. Please do your research on the breed before enquiring about our puppies. All serious enquires .Welcome to see pups, feel free to call. I have owned this breed for a long time and they are lovely to have within the family.
