This is a lovely looking Audi A5 in the most sought after colour. It's the 2.7 litre engine which pulls really well and is extremely economical. Drives as it should with a smooth 7 speed automatic gearbox and that bit of power when needed makes it a pleasure to drive. Only the 1 former keeper. Interior is in amazing condition with no wear at all but please don't expect brand new. Bodywork is clean with no dents but please expect the odd light scratch but honestly it's almost close to perfect. Please remember its a 5 year old car. It's got an MOT till November 2016 but I will try to get one put on tomorrow. It'll sail through, that much I know. 4 good tyres. It's fully hpi clear. It's had regular servicing on time by Audi and some

Independent and this is all documented in the service book as well as invoices from Audi with a
 100% 100% work guarantee. It's got 200,000 miles, which is really good. Normal wear and tear two
 100% 100% mechanically perfect. Honestly, doesn't rise a beat and a view that the car is perfect. I'll be
 100% 100% with this. No warning lights on the dash. No noise, no bangs. No rattle or none of the
 100% 100% and a few. Put it on the gear change is smooth. It's a real good. Audi is a
 100% 100% car that's hip clear, has full service history, drives fine and looks amazing in Silver. Genuine and honest
 100% 100% low mileage, which is officially verified. This will be a bargain for the right.
