Are you struggling? Allow me to help I've had several people ring me recently disappointed because they aren't close enough to come and see me personally. I can understand this from folk who've never had a Reading any other way, but I think there's confusion about how this works - so let's address this issue now When I start a Consultation, I take a minute or two to tune in to YOU, whether you are sitting on front of me, on the other end of the phone, or on my screen via Skype, Hangouts or Facebook chat. I have often been asked how this is possible and it's really straightforward. First you need to get your head around the concept that each and every one of us is connected to every other living thing in the Universe, the difference between us is whether or to what extent we choose to explore our ability to make use of that connection. We can use it to ask for help, for information or just because we can and because it's fun! We all have these abilities but not everyone wants to get involved with them, and it takes practice to refine them - those of us who have are able to assist others by tapping into the Collective Consciousness /Divine/Source to help you find answers and connect you to your own Healing Energy. We are transcending the boundaries of the physical when we do this, it wouldn't be possible otherwise would it? Therefore, whether you're sitting at the other side of the table in my Consulting room or on the other side of the world, the process is identical, it works exactly the same way! So if you want to speak to me, and you aren't in my area please don't be discouraged by that, one of the things I love about technology is that it has eradicated the barriers that physical distance used to impose and allowed me to have Clients all over the planet! Awesome! Here are the details: A single Consultation will cost you £35.00. You may have your Reading in person, or via phone, email or Skype. If you are booking for a House Party or an Event, I will need to limit each person to approximately 30 minutes and the cost is £30.00 pp so that I give

					
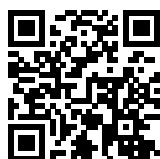

everyone equally whereas if you're having a 1-2-1, you may have as long as you need within reason lol! In a session, your sessions will help you live more clearly without the ability to bring you forward so sessions are relaxed as possible for the participant the speed where you can't be interrupted the number 0739750675 or 07397851 (this number reveals full phone number) - please don't to contact me from my hearing - STIMULUS thought I might like this lovely lady to try and see a surprise, she picked up on information as soon as the call started, it went from thought and the reading was so good. She was one of the best readers I have come across hope her predictions come to pass. Many thanks Rosa. Love and light to you." "A very pleasant reader to talk to.
