Hexagon construction and renovation services.

We offer a range of professional services in the field of renovation and construction.

We are able to do for you:

- interior finishing: buildings in the crude state,
- renovation: houses, apartments and other buildings,
- made all the necessary work required for the above-mentioned points, for example. plastering, painting , bricklaying, mounting of doors and windows, we can also: lay tiles, panels, put wallpaper,
- we can also: build the garage; brick, tin, home extension,
- we can do a lot of other construction work,

If you need a professional and cheaper construction team, please contact us, we will discuss the range of work and execute their valuation.

We are a Polish company specializing in the production of complete steel buildings (for industry, sports, trade, agriculture, services), years of experience and market demand has enabled us to expand our business to additional services (see our other).
