This laptop is in excellent fully working condition, the top of the laptop does have slight scratches however these can only be seen when very close to the laptop. The screen and the rest of the laptop are in near perfect condition. This laptop comes with the original packaging and the original laptop charger.

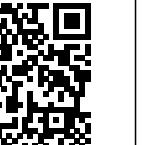

This laptop has been used for around a year and a half and has been fully cleaned and I have reapplied the thermal paste. *Will post the laptop if required* Any questions? Please.
