Our goal is to offer protection for yourself, your family and your most valued possessions, whether it be from the threat of burglary, fire or the need of medical attention Bulldog security can help.

Bulldog Security Ltd provide monitored & guarded wireless alarms with first aid response, the perfect solution, protecting yourself, your family & your home, giving you the peace of mind that you deserve

PANEL: POWER-MASTER 33

State of the art intruder alarm panel. Holds up to 38 individual user codes. The ability to host 38 separate wireless equipment links. A built in speech dialler, and the ability to accommodate a GSM module.

Tamper proof channel hopping frequency technology for anti-external source hacking. CAMERA PIR As standard PIR but with a built in camera. Upon intrusion and activation of your system the camera will take a video clip with audio, and a series of stills. The wireless pir comes with a built in PIR to assist in low viability conditions. KEY FOB

Remote setting/ unsettling and partial arm capabilities combined with a status button allowing you to fully operate your alarm system from a distance of 50 metres. Sleek and ergonomic design alongside a fully water resistant unit. Also feature a audible dual press panic function

VISUAL DETERRENT

Visual deterrent functions (live video feeds are available upon request) stickers, posters, larger Alarm signs and sirens are also available.
