We are delighted to be able to offer a rare opportunity, presented in the form of a very difficult to find layout. A short wheelbase VW hightop, with 4 seatbelts, and a fitted cassette toilet! The two forward facing, crash tested, belted, rear seats form a comfortable 4 seat dinette area by day, but convert into two single beds, or a double by night. Behind this area is a well equipped kitchen area on the nearside, while the offside rear features a cassette toilet (normally only a feature of larger motorhomes and caravans), which when not in use is neatly spun away into its own cupboard. Excellent use of space, with the usual Autohaus attention to detail and build quality!
