This is a great cruiser bike in good condition and has extras such as sissy bar, back box, solid panniers (with lights), it has an after market exhaust which sounds quite nice. 9100 miles on the clock and MOT until October. I have had new chain and sprockets fitted. I use this bike daily to commute to work. Very reliable bike and often mistaken for being a bigger cc bike. This is an excellent commuting bike and ideal for beginners.

Reason for sale is I have passed my test and have just bought a bigger bike. a video of this bike can be found at <https://youtu.be>
