

Two Sharers Required (10 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-492898-z>

We are looking for two sharers who are looking to ride together and would like to come and ride our two beautiful 6 year old warmbloods two/three times a week. We are based at a private yard in Tatsfield, on the Kent/Surrey borders, with access to fantastic hacking both on and off road. There is no sand school at our yard but a school is available to hire just around the corner. Ideally we need two people who are able to ride during the day times, as with the dark weather currently evening rides will not be possible. Both horses are sensible but forward, and need a confident and capable rider due to their age and breed. We would like two riders who can help continue their education and have experience and knowledge of horses. No novices or under 18s please. We are looking for weekday sharers but could offer some weekend days a couple of times a month. Small financial contribution required - £10 per horse per day. Please contact me for more.
