My lovely black/white bunny is looking for a new home now as she isnt spayed and needs to be with a nuetered buck or maybe bonded with another doe or as an indoor bunny on her own. HarestoneLops is wanting her to go to a pet home now she is nearlyh 5 years old and is a very gentle and sweet bunny. She is wormed and mite treated. I would not want to get her spayed at her age, she is £10. thank
