We are selling this beautiful bulldog puppy. he is red and white and is 4 months old. He comes vet checked and is fully healthy with great breathing. He is wormed, microchipped and vaccinated. He comes from great bloodlines with a full family history (ask for more details). He will come with his own bed, leads, collars, food, toys etc. We have owned this puppy for less than a week and being forced to sell due to our young daughter having a reaction to him. He is already a very playful, loving dog with his own personality and is definately full of energy. please contact me for more info no time wasters please
