Hi all, White van partially converted into campervan. New Battery & fuel pump. Just been down to Dorset and back. Used daily. Selling due to a change of vehicle. Van is aged a bit with some rust patches, otherwise in good working order. Can be used as a work van or campervan. Has a double bed in the back, sides are wood lined and insulated.

You're welcome to come view/test drive. I can send more pictures and/or answer question on request. Call 07341341906 073413419...(click to reveal full phone number) and ask for Chris.

I'm selling this van elsewhere so might go before.

Thanks for looking and good:)
