LINTEX ht125t-4a moped

The bike starts and runs but will need a bit of work on the back brake as it will need brake cable and the rear brake arm is stuck plus the exhaust is blowing as the nuts snap and will need drilling out

The bike comes with 1 key I don't have the V5 as it got lost

The bike is only 2 years old so no need for M.O.T until 1/11/2017
