I offer home help services and I am experienced in dealing with people who suffer with dementia, Alzheimer's & learning difficulties. I am used to working with vulnerable people. I can offer help in the home with errands, preparing meals, visits to local groups, dentist, doctors and general appointments. I can also offer shopping, washing and ironing services. I have a full DBS disclosure and can offer anything apart from giving medication and personal care. I am very trustworthy and passionate about helping people. My charges are from £10 per.
