We are proud supplier of Tersa™ System Planer Knives and assure our customers get genuine top quality. The HSS M42 Tersa Blade knives are made with improved cutting angle, this gives a stronger backed up cutting angle giving increased tool life over standard HSS when machining hardwoods. These suit many types of machines including SCM, Weinig, Rojek, Sedgwick and Martin. This alone will give increased tool life of up to 35% compared to the standard HSS knives.

German Tersa M42 knives are available in various size options.

Fast Delivery, 100% Quality Guaranteed
