Hi, I'm Danny, the founder of DS Photography. I pride myself in being a passionate and dedicated amateur photographer ready to capture some of your best memories. I shoot with a Canon 600d using a 50-200mm lens. Based in Nuneaton. Website - www.dansphoto.co.uk My approach is non-intrusive and I always ensure my pictures tell an honest story of the wedding day - the raw emotions, spontaneous moments and highlights are captured for you to enjoy for years to come. I have had nothing but positive feedback so far from the few weddings I have shot. Package I offer: £285 - Up to 6 hours of shooting - Capture the bride and family at her home before the wedding - Photographing at the venue - Group photography after the ceremony - Photographing of reception with cake cutting/ first dance - After the day, I will start editing and retouching your wedding photos. Ready photos will be delivered to you after approx 3 weeks from your wedding day. - You will receive USB stick with all edited and beautifully retouched photos with B&W versions of key moments too. I have currently only shot a handful of weddings so I am still looking to grow my portfolio hence the really great low prices I offer. Although I am still finding my feet in some areas, my goal for the day will be to capture every key moment to the highest quality possible. However, please have this in mind before contacting me. I also drive so will be able to arrange my own transport. Please do note that the price can vary if the venue to reception is quite far out. Happy to discuss your plans, dates and times and any other features you would like from myself. Please contact me via email or phone with your name, number, and some key information about the day so we can get the ball!
