If you're looking to grow your business & reach more people than ever before, Social Media is key, and a good online presence can work wonders for your business. It can: Increase your brand visibility Attract more customers Boost your customer conversion rates Gain valuable customer insights Develop a more personal relationship with your audience Improve customer loyalty +more! Everyone has to start somewhere, and I understand it can be overwhelming - especially if you're not already au fait with the in's & outs of the biggest platforms online. I can set up your Social Media account/s, create & upload your custom 'Social Media appropriate' graphics & give you a crash course on how it all works - insights, marketing, campaigns, photography, interaction & more. All for an affordable 'small business' suitable price. If you'd really like, I can run your Social Media for you. Prices are dependant on the platform & level of service required. Feel free to get in contact and I can supply you with a custom quote within 24 hours. ;
